C. Compliance with N.Y. GML Sec. 862(1): Applicant understands and agrees that the provisions of Section 862(1) of the New York General Municipal Law, as provided below, will not be violated if Financial Assistance is provided for the proposed Project:

§ 862. Restrictions on funds of the agency. (1) No funds of the agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.

D. Compliance with Applicable Laws: The Applicant confirms and acknowledges that the owner, occupant, or operator receiving Financial Assistance for the proposed Project is in substantial compliance with applicable local, state and federal tax, worker protection and environmental laws, rules and regulations.

E. False and Misleading Information: The Applicant confirms and acknowledges that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any Financial Assistance and the reimbursement of an amount equal to all or part of any tax exemption claimed by reason of the Agency’s involvement of the Project.

F. Recapture: Should the Applicant not expend as projected or hire as presented, the Agency may view such information/status as failing to meet the established standards of economic performance. In such events, some or all of the benefits taken by the Applicant will be subject to recapture.

G. Pay Equity: The Applicant and/or user/tenant officer certifies on behalf of the company and/or user/tenant (the Applicant) has not been the subject of an adverse finding under equal pay laws within the previous five years, has disclosed any pending equal pay claims against the company at time of application, and shall disclose to COMIDA any pending claims or adverse findings under the equal pay laws during the term of COMIDA financial assistance agreement.

H. Applicant hereby releases the COMIDA ("Agency") from, agrees that the Agency shall not be liable for, and agrees to indemnify, defend and hold the Agency harmless from and against any and all liability arising from or expense incurred by (A) the Agency’s examination and processing of, and action pursuant to or upon, this Application, regardless of whether or not this Application or the Project described herein or the tax exemptions and other assistance requested herein are favorably acted upon by the Agency; (B) the Agency’s acquisition, construction, renovation and/or equipping of the Project described herein; and (C) any further action taken by the Agency with respect to the Project; including, without limiting the generality of the foregoing, all causes of action and attorneys’ fees and any other expenses incurred in defending any suits or actions which may arise as a result of any of the foregoing. Applicant hereby understands and agrees, in accordance with Section 875(3) of the New York General Municipal Law, that any New York State and local sales and use tax exemption claimed by the Applicant and approved by the Agency in connection with the Project may be subject to recapture by the Agency under such terms and conditions as will be set forth in the Agent Agreement to be entered into by and between the Agency and the Applicant. The Applicant further represents and warrants that the information contained in this Application, including without limitation, information regarding the amount of New York State and local sales and use tax exemption benefits, is true, accurate and complete.
Premier Packaging Corporation is poised for significant growth continuing its business of paperboard packaging. Future category growth based on current economic trends in the MLM, Nutraceutical, and CPG all point to a healthy market with 20%+ category growth anticipated over the next 3 years primarily due to a fundamental change in online direct to consumer sales trends. The demand for Premier’s services will continue to strengthen as additional resources are added that include enhanced printing and finishing capabilities, contract packaging, vendor managed inventory programs and fulfillment.

Premier Packaging Corporation is a key supplier of paper board packaging to some of the country’s largest digital photo finishing, food packaging, and medical device companies. The Company’s also markets and manufactures packaging and printing that utilizes security features, including patented security technologies to protect valuable information from unauthorized scanning, copying, and digital imaging. The Company’s sales are nation-wide.

In order to remain competitive as a key manufacturing partner to our customers and the industries we serve, Premier must increase its capacity and capability by relocating to a larger facility and modernizing its manufacturing equipment. The Company has experienced significant growth over the past few years and added twenty-one new customers in 2020 alone, during a global pandemic. Future category growth based on current economic trends in the MLM, Nutraceutical, and CPG all point to a healthy market with 20%+ category growth anticipated over the next 3 years primarily due to a fundamental change in online direct to consumer sales trends. The demand for Premier’s services will continue to strengthen as additional resources are added that include enhanced printing and finishing capabilities, contract packaging, vendor managed inventory programs and fulfillment. To remain competitive with our competition, Premier must invest in new equipment, technology, and space to better serve its customers. Modernizing the plant by moving to this new 101,000 SF facility on 10+/- acres in Henrietta would allow the Company to increase its full-time workforce nearly 60% over the next 3 years. These positions will include both skilled and unskilled production labor, press operators and customer service representatives.

Participation in this program would allow the Company to make the necessary equipment and technology investments with an estimated cost of $8.2 million over the next three years, with approximately $5.7 million of that in year one which would have to be financed by the Company.

Timing is the most critical issue for our Company in moving our manufacturing locally. Our desire is to move to a larger facility in 2021 but only if the incentives make sense. If we cannot move quickly with a strong incentive plan, then we will be forced to look outside Rochester and New York State for a 2022 move. Again, without these incentives and the high cost of doing business in the state of New York, Premier would have to consider lay-offs and making this investment in the Dallas, Texas area, where our parent company operates several other businesses.
