**H. DESCRIPTION OF THE PROJECT AND BACKGROUND ON USER(S) OF THE FACILITY**

NAICS Code: 531110

49 East Avenue LLC/Riedman plans to re-develop the East Avenue & Chestnut Street corridor as follows:

We will re-develop a currently unoccupied 65,000 +/- SF office building and surface parking lot located at 49 & 61 East Avenue, Rochester NY into a mixed-use development.

The property will consist of 54 residential units to help address housing needs for an essential workforce in our community. Demand will primarily stem from our partnership with Lake Erie College of Medicine (LECOM) students transitioning to clinical rotations at Rochester General and Unity Hospitals. We currently provide housing for these students in Riedman properties located in Elmira, NY and Erie, PA. LECOM and Rochester Regional Health have a long term year agreement for 100 annual placements. Our redevelopment of 49 East Ave. is aimed at providing continuous housing support during the students' relocation to Rochester. Please see the attached letter of support from Rochester Regional Health at the end of this application.

Additionally, we anticipate residents and fellows within the health system will contribute to demand.

The unit mix is planned as follows:

Type	# of Units	SF	Rent Range
Studio	21	444-527	\$1,234-\$1,397
1bd	30	500-785	\$1,390-\$1,884
2bd	3	961	\$2,403

Riedman believes this project aligns with the following Community Objectives:

1. Attract and retain companies and talent
2. Regenerate corridors through neighborhood economic development
3. Invest in placemaking; enhance the East End

The total project cost is estimated at \$19.6 million. We are seeking a minimum construction loan of \$8.7 million.

We have applied for Historical Tax Credits on the project, and have received a term sheet for the purchase of the credits.

We are working on a Restore New York Grant application with Empire State Development and the City of Rochester.

**II. PROJECT (cont'd)**

I. Would the project be undertaken without financial assistance from the Agency?  Yes  No

Please explain why financial assistance is necessary.

This redevelopment will help transform the East Avenue/Chestnut Street intersection from its current relative inactivity to a vibrant corridor to compliment both Main Street and the Strong Museum of Play areas.

The extensive redevelopment from vacant commercial office to mixed use is a costly endeavor, but one we believe is necessary to help fulfill the City's Community Objectives.

The combination of sales tax abatement on materials, property tax abatement, PILOT, and other financial assistance will help make this a successful project.

J. Are other facilities or related companies located within New York State?

Yes  No

Will the Project result in the removal of an industrial or manufacturing plant of the Project occupant from one area of the state to another area of the state?  Yes  No

Will the Project result in the abandonment of one or more plants or facilities of the Project occupant located within the state?

Yes  No

If Yes to either question, explain how the Agency's Financial Assistance is required to prevent the Project from relocating out of the State, or is reasonably necessary to preserve the Applicant or User's competitive position in its respective industry:

## VIII. LOCAL LABOR

To be completed by all Applicants and Users/Tenants of Projects which include the construction of new, expanded or renovated facilities:

Company Name 49 East Avenue LLC

Applicant:  and/or User/Tenant:

The County of Monroe Industrial Development Agency (IDA) was established for the purpose of creating employment opportunities for, and to promote the general prosperity and economic welfare of the residents of Monroe County. The IDA offers economic incentives and benefits to qualified applicants who wish to locate or expand their businesses or facilities in Monroe County. When the IDA approves a project, it enters into agreements to extend these incentives and benefits to the applicant.

Construction jobs are vital to the overall employment opportunities and economic growth in Monroe County. The IDA believes that companies benefiting from its incentive programs should employ local laborers, mechanics, craft persons, journey workers, equipment operators, truck drivers and apprentices ("construction workers"), during the construction phase of projects.

**GTI**  
**100% Local Labor**  
Initial Applicants receiving IDA benefits *must* ensure that the it and/or its contractor/developer hire **100% of its construction workers from the local labor market.**

**GTI**  
**Local Labor Market**  
Initial For the purpose of this policy, the local labor market is defined as construction workers residing in the following counties in New York State: Monroe, Genesee, Livingston, Orleans, Ontario, Seneca, Steuben, Wayne, Wyoming and Yates.

**GTI**  
**Bid Processing**  
Initial Local participation in qualified projects receiving IDA economic incentives and benefits is vital to the economic growth of Monroe County. As such, all applicants/contractors/developers of a qualified project with a minimum \$5,000,000 investment must place any and all invitations to bid in the Builders Exchange of Rochester Plan Room (<https://robex.com/planroom/>) two weeks before the bids are due.

**GTI**  
**Monitoring**  
Initial A third-party auditing firm ("Project Monitor") will be engaged to monitor construction work commencing on the date benefits are granted by resolution of the IDA Board.

Once approved for IDA benefits, all applicants will be required to provide to the Project Monitor and the Exemption Processor (as hereinafter defined) the following information:

1. Contact information for the applicant's representative who will be responsible and accountable for providing information about the bidding and awarding of construction contracts relative to the applicant's project; and
2. Description of the nature of construction jobs created by the project, including in as much detail as possible, the number, type and duration of construction positions.

All Monroe County IDA projects are subject to local monitoring by the IDA and the Project Monitor. Proof of residency or copy of drivers' license shall be checked by the Project Monitor during the Project Monitor's periodic inspection of the project.

The Project Monitor shall issue a report to the IDA staff immediately when an applicant or applicant's contractor is not in compliance with this labor policy. IDA staff shall advise the IDA Board of non-compliance by email or at the next scheduled meeting. If a violation of policy has occurred, the Project Monitor shall notify the applicant and contractor of such non-compliance and give applicant a warning of violation and 72 hours in which to correct such violation. Upon evidence of continued non-compliance or additional violations, the IDA and/or the Project Monitor shall notify the applicant that the project is in violation of the Monroe County IDA Labor Policy and is subject to IDA Board action which may result in the revocation, termination and/or recapture of any or all benefits conferred by the IDA.

GTI

**Signage**

Initial

The applicant/contractor/developer of an IDA approved project shall be required to maintain a sign, provided by the Project Monitor, on the project site at all times during construction. This sign shall be located in an area that is accessible to onsite workers and visitors, which should be clear and legible.

GTI

**Exemption Process**

Initial

In some instances, use of 100% local labor may not be possible for any of the following reasons:

- Warranty issues related to installation of specialized equipment whereby the manufacturer requires installation by only approved installers (a copy of the equipment warranty confirming the use of specific installers must be provided). The granting of an exemption for the use of non-local labor on warranty related grounds is expressly conditioned on either (i) said non-local sub-contractors being enrolled in a New York State certified apprenticeship program (proof of such enrollment shall be provided to the IDA upon request) or (ii) the hiring of an apprentice/apprentices or local construction laborer(s) to assist in the installation.
- Specialized construction is required and no local contractors or local construction workers have the required skills, certifications or training to perform the work (proof of communication with local contractors, or details of the specialized construction must be provided);
- Significant cost differentials in bids whereby use of local labor significantly increases the cost of the project. Three (3) bids are required and a cost differential of 25% is deemed significant. Where there is a significant cost differential, that if the local labor contractor agrees to reduce the bid to the average of the two bids, no waiver will be granted. However, if the average is still 25% or more, a waiver will be granted (copies of all bids/proposals received, including pricing, must be provided to confirm cost differential).
- No local labor available for the project (if local bids were solicited with no response, please provide a copy of the bid, explain how it was advertised, and list who the bids were requested from).

*The request to secure an exemption for the use of non-local labor must be received from the applicant on the exemption form provided by the IDA or the 3rd party exemption monitor (the "Exemption Processor") and received by the Exemption Process forty-five (45) days in advance of work commencing.* The request will be reviewed by the Exemption Processor and forwarded to the IDA, at which time the IDA's Executive Director shall have the authority to approve or disapprove the exemption. The Exemption Processor shall report each authorized exemption to the Board of Directors at its monthly meeting.

The applicant has read the Labor Policy and agrees to adhere to it without changes and shall require its construction manager, general contractor and sub-contractors who are not exempt to acknowledge the same.

The foregoing terms have been read, reviewed and understood by the Applicant or User/Tenant and all appropriate personnel. Furthermore, the undersigned agrees and understands that the information contained herein must be transmitted and conveyed in a timely fashion to all applicable subcontractors, suppliers and materialman. Furthermore, the undersigned agrees to post and maintain a sign, provided by COMIDA, in a prominent, easily accessible location, identifying the project as a recipient of COMIDA assistance and the local labor requirements associated with this assistance.

Furthermore, the undersigned realizes that failure to abide by the terms herein could result in COMIDA revoking all or any portion of benefits it deems reasonable in its sole discretion for any violation hereof.

Ann L. Burr  
Chair, COMIDA Board of Directors  
1150 City Place  
50 W. Main St.  
Rochester, NY 14614

Dear Ms. Burr,

I am writing to express the full support for the development project aimed at providing housing at 49 East Avenue as proposed by the Riedman Companies. As the CEO of Rochester Regional Health, I understand the critical importance of providing accessible housing options for our community, especially for those who play a vital role in delivering quality healthcare services.

Rochester Regional Health has a partnership with Lake Erie College of Medicine (LECOM) where approximately 110 students annually complete clinical rotations at Rochester General Hospital and Unity Hospital. In addition, our Graduate Medical Education Program employs over 250 Residents annually whom seek safe housing. Finally, our health system has invested in recruiting nurses from Puerto Rico and the Philippines given the industry wide nursing shortage, and expect to welcome over 400 of them over the next couple of years.

Our health system recognizes the challenges that Residents and team members may face in finding suitable housing, particularly in areas that are in close proximity to our care delivery sites. By supporting this development project, we aim to alleviate some of these challenges and ensure our team members have access to safe and convenient housing options.

We also desire to retain talent within our health system and community and believe that suitable housing will promote the overall health and wellness of our team members, not to mention their first impressions.

Thank you for considering our support for this development project. Please do not hesitate to reach out to me if you require any further information.

Yours Sincerely,

Richard "Chip" Davis, PhD, EdM  
Chief Executive Officer
