DESCRIPTION OF THE PROJECT AND BACKGROUND ON USER(S) OF THE FACILITY

Germanow-Simon Corp (dba GS Plastic Optics (GSPO)), a Rochester NY based manufacturer of precision polymer optics, has been awarded the contract to produce optical components for a COVID-19 antibody testing platform developed by LightDeck Diagnostics, a Boulder-based diagnostic-testing company.

LightDeck was recently awarded a $35.1 million contract to increase production capacity for their point-of-care product platform. LightDeck introduced a cutting-edge screening platform that can power SARS-CoV-2 Ultra-Rapid Antigen and COVID-19 Total Antibody Tests, providing results in as little as five minutes. It incorporates a highly-engineered laser waveguide with a consumable cartridge into which a sample is dispensed for testing. The contract was awarded on July 6, through a partnership with the U.S. Department of Health and Human Services (HHS).

GSPO has been chosen as the lead source for the waveguide, which is a key component to their point-of-care platform detecting the SARS-CoV-2 pathogen and other indications. The waveguide will be injection molded in the GSPO Rochester, NY facility.
II. PROJECT (cont’d)

F. Are other facilities or related companies located within New York State?

☐ Yes ☑ No

Location: ____________________________________________________________

Will the Project result in the removal of an industrial or manufacturing plant of the Project occupant from one area of the state to another area of the state?

☐ Yes ☑ No

Will the Project result in the abandonment of one or more plants or facilities of the Project occupant located within the state?

☐ Yes ☑ No

If Yes to either question, explain how the Agency’s Financial Assistance is required to prevent the Project from relocating out of the State, or is reasonably necessary to preserve the Applicant or User’s competitive position in its respective industry:

_________________________________________________________________

_________________________________________________________________

G. Would the project be undertaken without financial assistance from the Agency?

☐ Yes ☑ No

Please explain why financial assistance is necessary.

The scope of the building expansion includes not only support for LightDeck’s increased capacity requirements related to the BARDA grant, it also provides additional capacity for the future growth of our business overall. This additional investment in infrastructure increased the construction costs significantly. The BARDA grant covers about 35% of the cost. Receiving financial assistance from COMIDA will enable us to add manufacturing capacity above and beyond this project, and create more new jobs in the City of Rochester.

X. CERTIFICATION

The undersigned company officer and/or user/tenant officer each hereby certifies, on behalf of the company and/or user/tenant, respectively (each singularly and together, the "Applicant"), as follows:

A. The information contained in this Application, including employment information, is true and correct. The Applicant is aware that any material misrepresentation made in this Application constitutes an act of fraud, resulting in revocation of COMIDA benefits.

B. The undersigned, on behalf of the Applicant, hereby certifies that the Applicant, and all parties which have ownership of the Applicant are current and will remain current on all real property, federal, state, sales, income and withholding taxes throughout the term of any agreements made in connection with this Application.

C. Compliance with N.Y. GML Sec. 862(1): Applicant understands and agrees that the provisions of Section 862(1) of the New York General Municipal Law, as provided below, will not be violated if Financial Assistance is provided for the proposed Project:

§ 862. Restrictions on funds of the agency. (1) No funds of the agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.

D. Compliance with Applicable Laws: The Applicant confirms and acknowledges that the owner, occupant, or operator receiving Financial Assistance for the proposed Project is in substantial compliance with applicable local, state and federal tax, worker protection and environmental laws, rules and regulations.

E. False and Misleading Information: The Applicant confirms and acknowledges that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any Financial Assistance and the reimbursement of an amount equal to all or part of any tax exemption claimed by reason of the Agency's involvement in the Project.

F. Recapture: Should the Applicant not expend as projected or hire as presented, the Agency may view such information/status as failing to meet the established standards of economic performance. In such events, some or all of the benefits taken by the Applicant will be subject to recapture.

G. Pay Equity: The Applicant and/or user/tenant officer certifies on behalf of the company and/or user/tenant (the Applicant) has not been the subject of an adverse finding under the equal pay laws within the previous five years, has disclosed any pending equal pay claims against the company at time of application, and shall disclose to COMIDA any pending claims or adverse findings under the equal pay laws during the term of COMIDA financial assistance agreement.

H. Applicant hereby releases the COMIDA ("Agency") from, agrees that the Agency shall not be liable for, and agrees to indemnify, defend and hold the Agency harmless from and against any and all liability arising from or expense incurred by (A) the Agency's examination and processing of, and action pursuant to or upon, this Application, regardless of whether or not this Application or the Project described herein or the tax exemptions and other assistance requested herein are favorably acted upon by the Agency; (B) the Agency's acquisition, construction, renovation and/or equipping of the Project described herein; and (C) any further action taken by the Agency with respect to the Project; including, without limiting the generality of the foregoing, all causes of action and attorneys' fees and any other expenses incurred in defending any suits or actions which may arise as a result of any of the foregoing. Applicant hereby understands and agrees, in accordance with Section 875(3) of the New York General Municipal Law, that any New York State and local sales and use tax exemption claimed by the Applicant and approved by the Agency in connection with the Project may be subject to recapture by the Agency under such terms and conditions as will be set forth in the Agent Agreement to be entered into by and between the Agency and the Applicant. The Applicant further represents and warrants that the information contained in this Application, including without limitation, information regarding the amount of New York State and local sales and use tax exemption benefits, is true, accurate and complete.

A 10,500 sq. ft. expansion of the existing injection molding building will house additional presses, tooling, automation, and ancillary equipment dedicated to the production of the LightDeck waveguide. The funding will allow GSPO to support LightDeck’s increase in production capacity to one million waveguides per month by Fall of 2022.

The original contract awarded to LightDeck has been funded through HHS/ASPR's Biomedical Advanced Research and Development Authority (BARDA) within the Office of the Assistant Secretary for Preparedness and Response.

About GS PLASTIC OPTICS

GS Plastic Optics specializes in the custom manufacture of precision polymer optics for use in consumer, medical, machine vision, and biomedical and analytical instrument marketplaces, as well as military and civilian night-vision and visible-range sighting industries. The company, located in Rochester, NY and founded in 1916, produces injection molded spherical, aspheric, cylinder, and freeform imaging optics and mirrors. In addition, the company has in-house capability to provide custom designed diamond turned and injection molded prototypes, thin film AR and reflective coatings, and integrated optical solutions. GS Plastic Optics is registered with the Directorate of Defense Trade Controls (DDTC) as a military product manufacturer.
