Part 617, as amended (collectively referred to as "SEQRA"), the Agency must satisfy the applicable requirements set forth in SEQRA, as necessary, prior to making a final determination whether to undertake the Project.

NOW, THEREFORE, BE IT RESOLVED by the County of Monroe Industrial Development Agency as follows:

Section 1. The Company has presented an application in a form acceptable to the Agency. Based upon the representations made by the Company to the Agency in the application and other correspondence submitted by the Company to the Agency, the Agency hereby finds and determines that:

(a) By virtue of the Act, the Agency has been vested with all powers necessary and convenient to carry out and effectuate the purposes and provisions of the Act and to exercise all powers granted to it under the Act; and

(b) The Facility constitutes a "project", as such term is defined in the Act; and
(c) It is desirable and in the public interest for the Agency to appoint the Company as its agent for purposes of undertaking the Project; and

(d) The action to be taken by the Agency will induce the Company to undertake the Project, thereby increasing employment opportunities in Monroe County and otherwise furthering the purposes of the Agency as set forth in the Act; and

(e) The Project will not result in the removal of a civic, commercial, industrial, or manufacturing plant of the Company or any other proposed occupant of the Project from one area of the State of New York (the "State") to another area of the State or result in the abandonment of one or more plants or facilities of the Company or any other proposed occupant of the Project located within the State; and the Agency hereby finds that, based on the Company's application, to the extent occupants are relocating from one plant or facility to another, the Project is reasonably necessary to discourage the Project occupants from removing such other plant or facility to a location outside the State and/or is reasonably necessary to preserve the competitive position of the Project occupants in their respective industries; and

(f) Pursuant to SEQRA, the Project constitutes a "Type II Action" as said term is defined in SEQRA, and therefore no further action is required to be taken under SEQRA.

Section 2. The Agency hereby approves the cost/benefit report submitted by the Company listing the proposed cost/benefits of the Project.

Section 3. Subject to the Company executing the Project Agreement and the delivery to the Agency of a binder, certificate or other evidence of liability insurance policy for the Project satisfactory to the Agency, the Agency hereby authorizes the Company to proceed with the acquisition, renovation and equipping of the Project and hereby appoints the Company as the true and lawful agent of the Agency to acquire, renovate and equip the Facility, and such appointment includes the following activities as they relate to the construction, renovation, erection, completion, use, repair and maintenance of the Improvements and the purchase, use, lease, placement, installation, repair, maintenance and replacement of the Equipment, whether or not any materials or supplies described below are incorporated into or become an integral part of the Improvements or the Equipment: (i) all purchases, leases, rentals and other uses of tools, machinery and equipment in connection with acquiring, renovating, equipping, repairing and maintaining the Facility, (ii) all purchases, rentals, uses or consumption of supplies, materials and services of every kind and description in connection with acquiring, renovating, equipping, repairing and maintaining the Facility, and (iii) all purchases, leases, rentals and uses of equipment, machinery, and other tangible personal property (including installation costs with respect thereto), installed or placed in, upon or under the Improvements, Land or the Equipment, including all repairs, maintenance and replacement of all such property. Said agents are authorized to make, execute, acknowledge and deliver any contracts, orders, receipts, writings and instructions, as the stated agents for the Agency, and in general to do all things which may be requisite or proper for completing the Facility, all with the same powers and with the same validity as the Agency could do if acting on its own behalf. As agent of the Agency, the Company is authorized to delegate such agency, in whole or in part, to agents, subagents, contractors, subcontractors, contractors and subcontractors of such agents and subagents and to such other parties as the Company chooses; provided, however, the Project Agreement shall
expire on December 31, 2025 (unless extended for good cause by the Executive Director, Deputy Director, Chairman or Vice Chairman of the Agency) if the Lease Agreement, Leaseback Agreement and PILOT Agreement contemplated have not been executed and delivered. The Executive Director, Deputy Director, Chairman or Vice Chairman of the Agency are authorized and directed to execute and deliver to said agent an appropriate letter on Agency letterhead describing the authority granted under this resolution.

Section 4. Based upon the representation and warranties made by the Company in its application for financial assistance, the Agency hereby authorizes and approves (i) the Company as its agent, to make purchases of goods and services relating to the Project and that would otherwise be subject to New York State and local sales and use tax in an amount up to $2,885,575 which result in New York State and local sales and use tax exemption benefits ("sales and use tax exemption benefits") not to exceed $230,846. The Agency agrees to consider any requests by the Company for increase to the amount of sales and use tax exemption benefits authorized by the Agency upon being provided with appropriate documentation detailing the additional purchases of property or services; (ii) a mortgage (or mortgages), in connection with the financing of the Facility or portions thereof and including any refinancing thereof, securing an aggregate principal amount not to exceed $4,326,050, resulting in a mortgage tax exemption not to exceed $32,445; and (iii) a partial real property tax abatement.

Section 5. Pursuant to Section 875(3) of the New York General Municipal Law, the Agency may recover or recapture from the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, any sales and use tax exemption benefits taken or purported to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, if it is determined that: (i) the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, is not entitled to the sales and use tax exemption benefits; (ii) the sales and use tax exemption benefits are in excess of the amounts authorized to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project; (iii) the sales and use tax exemption benefits are for property or services not authorized by the Agency as part of the Project; or (iv) the sales and use tax exemption benefits are taken in cases where the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project fails to comply with a material term or condition to use property or services in the manner approved by the Agency in connection with the Project. As a condition precedent of receiving sales and use tax exemption benefits, the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, shall (i) cooperate with the Agency in its efforts to recover or recapture any sales and use tax exemption benefits, and (ii) promptly pay over any such amounts to the Agency that the Agency demands.

Section 6. The form and substance of the Lease Agreement, the Leaseback Agreement and the PILOT Agreement (each in substantially the forms presented to the Agency and which, prior to the execution and delivery thereof, may be redated) are hereby approved.

Section 7. The Executive Director, Deputy Director, Chairman or Vice Chairman of the Agency are hereby authorized, on behalf of the Agency, to negotiate and execute (A) the Lease Agreement whereby the Company leases the Project to the Agency, (B) the related Leaseback Agreement conveying the Project back to the Company, and (C) the PILOT
Agreement; provided, that, (i) the rental payments under the Leaseback Agreement include payments of all costs incurred by the Agency arising out of or related to the Project and indemnification of the Agency by the Company for actions taken by the Company and/or claims arising out of or related to the Project; and (ii) the terms of the PILOT Agreement are consistent with the Agency's Uniform Tax Exemption Policy or the procedures for deviation have been complied with.

Section 8. The Executive Director, Deputy Director, Chairman or Vice Chairman of the Agency are hereby authorized, on behalf of the Agency, to execute and deliver any mortgage, assignment of leases and rents, security agreement, UCC-1 Financing Statements and all documents reasonably contemplated by these resolutions or required by any lender identified by the Company (the "Lender") up to a maximum principal amount necessary to undertake the Project, acquire the Facility and/or finance or refinance equipment and other personal property and related transactional costs (hereinafter, with the Lease Agreement, Leaseback Agreement and PILOT Agreement are collectively referred to as, the "Agency Documents"); and, where appropriate, the Secretary or Assistant Secretary of the Agency is hereby authorized to affix the seal of the Agency (if any) to the Agency Documents and to attest the same, all with such changes, variations, omissions and insertions as the Executive Director, Deputy Director, Chairman or Vice Chairman of the Agency shall approve, the execution thereof by the Executive Director, Deputy Director, Chairman or Vice Chairman of the Agency to constitute conclusive evidence of such approval; provided in all events recourse against the Agency is limited to the Agency's interest in the Project.

Section 9. The Executive Director, Deputy Director, Chairman or Vice Chairman of the Agency are hereby authorized and directed for and in the name and on behalf of the Agency to do all acts and things required and to execute and deliver all such certificates, instruments and documents, to pay all such fees, charges and expenses and to do all such further acts and things as may be necessary or, in the opinion of such Executive Director, Deputy Director, Chairman or Vice Chairman of the Agency acting, desirable and proper to effect the purposes of the foregoing resolutions and to cause compliance by the Agency with all of the terms, covenants and provisions of the documents executed for and on behalf of the Agency.

Section 10. This resolution shall take effect immediately.

II. PROJECT (cont'd)

H. Would the project be undertaken without financial assistance from the Agency? ☐ Yes ☒ No

Please explain why financial assistance is necessary.

The project involves the planning, design, reconstruction and renovation of an existing building (otherwise known as the "Triangle Building") into: (A) 1 commercial space that will provide below-market-rate commercial rent for use by Cogate Rochester Crozer Divinity School ("CRCDS") and (B) 36 residential units that will be marketed to students of the Eastman School of Music (the "School"). This financial assistance is necessary for the following reasons:
1) the PILOT will ensure that commercial rents remain affordable with the continued operation of CRCDS; and
2) the PILOT makes the operating budget predictable, thereby ensuring continued affordability for the students of the School.

I. Are other facilities or related companies located within New York State?

☐ Yes ☒ No

Location:

Will the Project result in the removal of an industrial or manufacturing plant of the Project occupant from one area of the state to another area of the state? ☐ Yes ☒ No

Will the Project result in the abandonment of one or more plants or facilities of the Project occupant located within the state?

☐ Yes ☒ No

If Yes to either question, explain how the Agency's Financial Assistance is required to prevent the Project from relocating out of the State, or is reasonably necessary to preserve the Applicant or User's competitive position in its respective industry:

J. State Environmental Quality Review (SEQR) Act Compliance

COMIDA, in granting assistance to the Applicant, is required to comply with the New York State Environmental Quality Review Act (SEQR).

Does the proposed project require discretionary permit, license or other type of approval by the state or local municipality?

☐ YES - Include a copy of any SEQR documents related to this Project including Environmental Assessment Form, Final Determination, Local Municipality Negative Declaration, etc.

☒ NO

K. DESCRIPTION OF THE PROJECT AND BACKGROUND ON USER(S) OF THE FACILITY

NAICS Code: 531110

Jay's Acquisitions II LLC is proposing the redevelopment and renovation of a building formally occupied by NYS Department of Health (vacated in January 2023) and commonly known as the "Triangle Building". The Triangle Building will be rehabilitated into a student-friendly, mixed-use asset that provides new affordable opportunities for both the residential and commercial downtown tenants. This project has received a $3,000,000 award through the Restore NY program, a substantial investment that makes this project feasible.

The project will involve the planning, design, reconstruction and renovation of the existing building into a multi-tenant mixed-use facility with ground-floor commercial space (basement and 1st floor of the building) and new residential space above (floors 2-5). The commercial space will be occupied by Colgate Rochester Crozer Divinity School at below-market-rate (approx. $1.50/sq. ft.) to assist with the continued operation and success of CRCDS (approximately 10,700 sq. ft.).

The new residential space will contain approximately 36 residential apartments, comprising approximately 35,000 total square feet including shared common areas. The residential space will be comprised of approximately eight (8) studio apartments (approximately 3,700 sq. ft.), twenty (20) one bedroom apartments (approximately 11,000 sq. ft.), and eight (8) two bedroom apartments (approximately 6,000 sq. ft.). The rents for the aforementioned residential units will range from $785-$1,100/mo.

VIII. LOCAL LABOR

To be completed by all Applicants and Users/Tenants of Projects which include the construction of new, expanded or renovated facilities:

Jay's Acquisitions II LLC

Company Name

Applicant: ☐  and/or User/Tenant: ☐

The County of Monroe Industrial Development Agency (IDA) was established for the purpose of creating employment opportunities for, and to promote the general prosperity and economic welfare of the residents of Monroe County. The IDA offers economic incentives and benefits to qualified applicants who wish to locate or expand their businesses or facilities in Monroe County. When the IDA approves a project, it enters into agreements to extend these incentives and benefits to the applicant.

Construction jobs are vital to the overall employment opportunities and economic growth in Monroe County. The IDA believes that companies benefiting from its incentive programs should employ local laborers, mechanics, craft persons, journey workers, equipment operators, truck drivers and apprentices ("construction workers"), during the construction phase of projects.

100% Local Labor
Applicants receiving IDA benefits must ensure that the it and/or its contractor/developer hire 100% of its construction workers from the local labor market.

Local Labor Market
For the purpose of this policy, the local labor market is defined as construction workers residing in the following counties in New York State: Monroe, Genesee, Livingston, Orleans, Ontario, Seneca, Steuben, Wayne, Wyoming and Yates.

Bid Processing
Local participation in qualified projects receiving IDA economic incentives and benefits is vital to the economic growth of Monroe County. As such, all applicants/contractors/developers of a qualified project with a minimum $5,000,000 investment must place any and all invitations to bid in the Builders Exchange of Rochester Plan Room (https://robex.com/planroom/) two weeks before the bids are due.

Monitoring
A third-party auditing firm ("Project Monitor") will be engaged to monitor construction work commencing on the date benefits are granted by resolution of the IDA Board.

Once approved for IDA benefits, all applicants will be required to provide to the Project Monitor and the Exemption Processor (as hereinafter defined) the following information:

1. Contact information for the applicant's representative who will be responsible and accountable for providing information about the bidding and awarding of construction contracts relative to the applicant's project; and

2. Description of the nature of construction jobs created by the project, including in as much detail as possible, the number, type and duration of construction positions.

All Monroe County IDA projects are subject to local monitoring by the IDA and the Project Monitor. Proof of residency or copy of drivers’ license shall be checked by the Project Monitor during the Project Monitor's periodic inspection of the project.

The Project Monitor shall issue a report to the IDA staff immediately when an applicant or applicant's contractor is not in compliance with this labor policy. IDA staff shall advise the IDA Board of non-compliance by email or at the next scheduled meeting. If a violation of policy has occurred, the Project Monitor shall notify the applicant and contractor of such non-compliance and give applicant a warning of violation and 72 hours in which to correct such violation. Upon evidence of continued non-compliance or additional violations, the IDA and/or the Project Monitor shall notify the applicant that the project is in violation of the Monroe County IDA Labor Policy and is subject to IDA Board action which may result in the revocation, termination and/or recapture of any or all benefits conferred by the IDA.
**Signage**

The applicant/contractor/developer of an IDA approved project shall be required to maintain a sign, provided by the Project Monitor, on the project site at all times during construction. This sign shall be located in an area that is accessible to onsite workers and visitors, which should be clear and legible.

**Exemption Process**

In some instances, use of 100% local labor may not be possible for any of the following reasons:

- Warranty issues related to installation of specialized equipment whereby the manufacturer requires installation by only approved installers (a copy of the equipment warranty confirming the use of specific installers must be provided). The granting of an exemption for the use of non-local labor on warranty related grounds is expressly conditioned on either (i) said non-local sub-contractors being enrolled in a New York State certified apprenticeship program (proof of such enrollment shall be provided to the IDA upon request) or (ii) the hiring of an apprentice/apprentices or local construction laborer(s) to assist in the installation.

- Specialized construction is required and no local contractors or local construction workers have the required skills, certifications or training to perform the work (proof of communication with local contractors, or details of the specialized construction must be provided);

- Significant cost differentials in bids whereby use of local labor significantly increases the cost of the project. Three (3) bids are required and a cost differential of 25% is deemed significant. Where there is a significant cost differential, that if the local labor contractor agrees to reduce the bid to the average of the two bids, no waiver will be granted. However, if the average is still 25% or more, a waiver will be granted (copies of all bids/proposals received, including pricing, must be provided to confirm cost differential).

- No local labor available for the project (if local bids were solicited with no response, please provide a copy of the bid, explain how it was advertised, and list who the bids were requested from).

The request to secure an exemption for the use of non-local labor must be received from the applicant on the exemption form provided by the IDA or the 3rd party exemption monitor (the "Exemption Processor") and received by the Exemption Process forty-five (45) days in advance of work commencing. The request will be reviewed by the Exemption Processor and forwarded to the IDA, at which time the IDA's Executive Director shall have the authority to approve or disapprove the exemption. The Exemption Processor shall report each authorized exemption to the Board of Directors at its monthly meeting.

The applicant has read the Labor Policy and agrees to adhere to it without changes and shall require its construction manager, general contractor and sub-contractors who are not exempt to acknowledge the same.

The foregoing terms have been read, reviewed and understood by the Applicant or User/Tenant and all appropriate personnel. Furthermore, the undersigned agrees and understands that the information contained herein must be transmitted and conveyed in a timely fashion to all applicable subcontractors, suppliers and materialman. Furthermore, the undersigned agrees to post and maintain a sign, provided by COMIDA, in a prominent, easily accessible location, identifying the project as a recipient of COMIDA assistance and the local labor requirements associated with this assistance.

Furthermore, the undersigned realizes that failure to abide by the terms herein could result in COMIDA revoking all or any portion of benefits it deems reasonable in its sole discretion for any violation hereof.

Hi Robin,

With regards to the current status of Riverwood Tech Campus, in the calendar year 2023, we will look to complete close to 50,000 SF of additional build-out for tenancy which includes both organic growth from existing tenants and net new space completion.

Please let me know if you should require any additional information at this time.

Best Regards,

Nicole

Since this project is an older project for COMIDA and still needing a sales tax exemption, can you also provide detail on the current status of the project and additional information on the need for the extension? The board will want more of an explanation since the project was originally approved in 2015. You can just reply to this email or send a separate document.

We will be able to include this on the July 18th agenda. We won't need someone to attend the meeting unless you want to!
