LI-CYCLE NORTH AMERICA HUB, INC., a Delaware corporation for itself or a related entity formed or to be formed (collectively, the "Company") has requested that the Agency assist with a certain Project (the "Project"), consisting of: (A) the acquisition of a leasehold interest in an approximately 41.06-acre portion of the parcels of land located at 50 and 205 McLaughlin Road in the Town of Greece, New York 14606 (the "Land"); (B) the construction on the Land of a hydrometallurgical manufacturing plant (the "Improvements"); and (C) the acquisition and installation therein, thereon or thereabout of certain machinery, equipment and related personal property including (collectively, the "Equipment" and, together with the Land and the Improvements, the "Facility") for use by the Company in its business of processing black mass concentrate, an intermediate product generated from the recycling of lithium-ion batteries.

The Agency will, at the above-stated time and place, present a copy of the Company's Application (including the Benefit/Incentive analysis) and hear all persons with views in favor of or opposed to either the location or nature of the Facility, or the proposed financial assistance being contemplated by the Agency.
