

APPLICATION FOR ASSISTANCE

Each applicant seeking assistance must complete this application and provide required supplemental forms/documentation.

Please answer all questions. Use "None" or "Not Applicable" where necessary. Information in this application may be subject to public review under New York State Law, except for information that is considered deniable by the Freedom of Information Law. This form is available at www.monroecountybusiness.org/application.

Applicant's Legal Counsel

Please send completed application via email to EconomicDevelopment@monroecounty.gov. A **non-refundable** application fee of \$350.00 is required. Please see page 12 for additional information on costs and fees.

II.PROJECT (cont'd)

K. DESCRIPTION OF THE PROJECT AND BACKGROUND ON USER(S) OF THE FACILITY

NAICS Code:	541330

Firm History:

In 1980 Joseph C. Lu established Lu Engineers in downtown Rochester, NY. In 1986, Lu Engineers moved to Penfield, NY where the size of the office was doubled in order to accommodate a larger team and more equipment. Just one decade later, the firm assimilated the engineering staff from the office of a large, nationally known engineering firm, adding even more experience and expertise in airport, city, street design and inspection.

In 2007 Joe Lu retired. The company was purchased from Joe by internal employees and the company was owned by its employee shareholders and operated by its Board of Directors.

In 2015 Lu Engineers have returned its roots to downtown Rochester located at 339 East Ave This location helps us to be even more responsive to our local clients.

In March 2017, the Board of Directors authorized the sale of all of the current stock shares to Cletus O. Ezenwa, P.E. With the sale to Mr. Ezenwa, Lu Engineers is once again a certified Minority-owned Business Enterprise (MBE), a Disadvantaged Business Enterprise (DBE), and now Veteran Owned Business (VOB) in New York State. The Company has since extended our reach across New York with satellite offices in Buffalo, Syracuse, Albany, New York City and Binghamton, NY, with Rochester remaining as the Headquarters

County and City Experience:

Lu has been providing Monroe County and the City of Rochester with professional engineering services since the firm's earliest days, and continues to do so. Through this work and our state and private clients, we have grown the business to nearly double the size from when Mr. Ezenwa became CEO. Lu employs 66 full-time employees. We expect growth to continue but at a slower rate of 7% this year. This growth has fueled the company's need for increased space, expanding our footprint from 5000 SF to 10,000 SF. Lu is projecting 20 to 35 new positions over the next 5 years pending the economy and growth. We also hire employees through the Rochester's Environmental Job (REJOBS 2.0) Training Program.

The proposed location suits Lu Engineers to expand from current 5,000SF to a needed 10,000SF with option to future expand an additional 5,000SF. The renovations will include more offices and workstation area to accommodate engineers and field staff, a larger conference room for company training and project presentations. Also the proposed construction will be equipped with accessible and adequate storage areas for field instruments and tools. The proposal included clean and safe parking within the underground parking structure for office staff and designated parking for field work trucks and vans.

III. PROPERTY TAX ABATEMENT/PAYMENT IN LIEU OF TAX AGREEMENT (PILOT) **Check One:** Requirements: Applicant must commit to a 10% increase in full-time equivalent employment, measured on the existing impacted employee base, over a 3 year period. The required number of jobs is ☐ LEASEPLUS Requirements: • University and/or medical related facilities in which a 501(c)3 entity leases from a for-profit entity. Company must commit to a 10% increase in full-time equivalent employment, measured on the existing impacted employee base, over a 3 year period. The required number of jobs is ___ ☐ ENHANCED JOBSPLUS Requirements: A minimum \$15 million investment AND • A minimum of 100 new jobs ☐ GREEN JOBSPLUS Requirements: LEED® Certification – Project must be rated as Certified, Gold, Silver or Platinum by the United States Green • Building Council's Leadership in Energy and Environmental Design (LEED®) Green Building Rating System. Company must commit to a 10% increase in full-time equivalent employment, measured on the existing impacted employee base, over a 3 year period. The required number of jobs is ___ ☐ SHELTER RENT For student housing or affordable housing projects.

The Labor Marker Area includes: Monroe County, Orleans County, Genesee County, Wyoming County, Livingston County, Ontario County, Wayne County, Yates County, and Seneca County chosen at the Agency's discretion

[Remainder of this Page Intentionally Left Blank]

VIII. LOCAL LABOR

To be completed by all Applicants and Users/Tenants of Projects which include the construction of new, expanded or renovated facilities:

Company Name	Lu Engineers		
		and/or User/Tenant:	

The County of Monroe Industrial Development Agency (IDA) was established for the purpose of creating employment opportunities for, and to promote the general prosperity and economic welfare of the residents of Monroe County. The IDA offers economic incentives and benefits to qualified applicants who wish to locate or expand their businesses or facilities in Monroe County. When the IDA approves a project, it enters into agreements to extend these incentives and benefits to the applicant.

Construction jobs are vital to the overall employment opportunities and economic growth in Monroe County. The IDA believes that companies benefiting from its incentive programs should employ local laborers, mechanics, craft persons, journey workers, equipment operators, truck drivers and apprentices ("construction workers"), during the construction phase of projects.

PS 100% Local Labor

Initial Applicants receiving IDA benefits *must* ensure that the it and/or its contractor/developer hire 100% of its construction workers from the local labor market.

PS Local Labor Market

For the purpose of this policy, the local labor market is defined as construction workers residing in the following counties in New York State: Monroe, Genesee, Livingston, Orleans, Ontario, Seneca, Steuben, Wayne, Wyoming and Yates.

PS Bid Processing

Initial

Initial

Local participation in qualified projects receiving IDA economic incentives and benefits is vital to the economic growth of Monroe County. As such, all applicants/contractors/developers of a qualified project with a minimum \$5,000,000 investment must place any and all invitations to bid in the Builders Exchange of Rochester Plan Room (https://robex.com/planroom/) two weeks before the bids are due.

PS Monitoring

Initial

A third-party auditing firm ("Project Monitor") will be engaged to monitor construction work commencing on the date benefits are granted by resolution of the IDA Board.

Once approved for IDA benefits, all applicants will be required to provide to the Project Monitor and the Exemption Processor (as hereinafter defined) the following information:

- 1. Contact information for the applicant's representative who will be responsible and accountable for providing information about the bidding and awarding of construction contracts relative to the applicant's project; and
- 2. Description of the nature of construction jobs created by the project, including in as much detail as possible, the number, type and duration of construction positions.

All Monroe County IDA projects are subject to local monitoring by the IDA and the Project Monitor. Proof of residency or copy of drivers' license shall be checked by the Project Monitor during the Project Monitor's periodic inspection of the project.

The Project Monitor shall issue a report to the IDA staff immediately when an applicant or applicant's contractor is not in compliance with this labor policy. IDA staff shall advise the IDA Board of non-compliance by email or at the next scheduled meeting. If a violation of policy has occurred, the Project Monitor shall notify the applicant and contractor of such non-compliance and give applicant a warning of violation and 72 hours in which to correct such violation. Upon evidence of continued non-compliance or additional violations, the IDA and/or the Project Monitor shall notify the applicant that the project is in violation of the Monroe County IDA Labor Policy and is subject to IDA Board action which may result in the revocation, termination and/or recapture of any or all benefits conferred by the IDA.

٠	_	c	_
ı	_	Ç	5

Initial

Signage

The applicant/contractor/developer of an IDA approved project shall be required to maintain a sign, provided by the Project Monitor, on the project site at all times during construction. This sign shall be located in an area that is accessible to onsite workers and visitors, which should be clear and legible.

Exemption Process

Initial

In some instances, use of 100% local labor may not be possible for any of the following reasons:

- Warranty issues related to installation of specialized equipment whereby the manufacturer requires installation by only approved installers (a copy of the equipment warranty confirming the use of specific installers must be provided). The granting of an exemption for the use of non-local labor on warranty related grounds is expressly conditioned on either (i) said non-local sub-contractors being enrolled in a New York State certified apprenticeship program (proof of such enrollment shall be provided to the IDA upon request) or (ii) the hiring of an apprentice/apprentices or local construction laborer(s) to assist in the installation.
- Specialized construction is required and no local contractors or local construction workers have the required skills, certifications or training to perform the work (proof of communication with local contractors, or details of the specialized construction must be provided);
- Significant cost differentials in bids whereby use of local labor significantly increases the cost of the project. Three (3) bids are required and a cost differential of 25% is deemed significant. Where there is a significant cost differential, that if the local labor contractor agrees to reduce the bid to the average of the two bids, no waiver will be granted. However, if the average is still 25% or more, a waiver will be granted (copies of all bids/proposals received, including pricing, must be provided to confirm cost differential).
- No local labor available for the project (if local bids were solicited with no response, please provide a copy of the bid, explain how it was advertised, and list who the bids were requested from).

The request to secure an exemption for the use of non-local labor must be received from the applicant on the exemption form provided by the IDA or the 3rd party exemption monitor (the "Exemption Processor") and received by the Exemption Process forty-five (45) days in advance of work commencing. The request will be reviewed by the Exemption Processor and forwarded to the IDA, at which time the IDA's Executive Director shall have the authority to approve or disapprove the exemption. The Exemption Processor shall report each authorized exemption to the Board of Directors at its monthly meeting.

The applicant has read the Labor Policy and agrees to adhere to it without changes and shall require its construction manager, general contractor and sub-contractors who are not exempt to acknowledge the same.

The foregoing terms have been read, reviewed and understood by the Applicant or User/Tenant and all appropriate personnel. Furthermore, the undersigned agrees and understands that the information contained herein must be transmitted and conveyed in a timely fashion to all applicable subcontractors, suppliers and materialman. Furthermore, the undersigned agrees to post and maintain a sign, provided by COMIDA, in a prominent, easily accessible location, identifying the project as a recipient of COMIDA assistance and the local labor requirements associated with this assistance.

Furthermore, the undersigned realizes that failure to abide by the terms herein could result in COMIDA revoking all or any portion of benefits it deems reasonable in its sole discretion for any violation hereof.

X. CERTIFICATION

The undersigned company officer and/or user/tenant officer each hereby certifies, on behalf of the company and/or user/tenant, respectively (each singularly and together, the "Applicant"), as follows:

- A. The information contained in this Application, including employment information, is true and correct. The Applicant is aware that any material misrepresentation made in this Application constitutes an act of fraud, resulting in revocation of COMIDA benefits.
- B. The undersigned, on behalf of the Applicant, hereby certifies that the Applicant, and all parties which have ownership of the Applicant are current and will remain current on all real property, federal, state, sales, income and withholding taxes throughout the term of any agreements made in connection with this Application.
- Compliance with N.Y. GML Sec. 862(1): Applicant understands and agrees that the provisions of Section 862(1) of the New York General Municipal Law, as provided below, will not be violated if Financial Assistance is provided for the proposed Project:

 § 862. Restrictions on funds of the agency. (1) No funds of the agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.
- D. <u>Compliance with Applicable Laws:</u> The Applicant confirms and acknowledges that the owner, occupant, or operator receiving Financial Assistance for the proposed Project is in substantial compliance with applicable local, state and federal tax, worker protection and environmental laws, rules and regulations.
- E. <u>False and Misleading Information:</u> The Applicant confirms and acknowledges that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any Financial Assistance and the reimbursement of an amount equal to all or part of any tax exemption claimed by reason of the Agency's involvement the Project.
- F. <u>Recapture</u>: Should the Applicant not expend as projected or hire as presented, the Agency may view such information/status as failing to meet the established standards of economic performance. In such events, some or all of the benefits taken by the Applicant will be subject to recapture.
- G. <u>Pay Equity:</u> The Applicant and/or user/tenant officer certifies on behalf of the company and/or user/tenant (the Applicant) has not been the subject of an adverse finding under the equal pay laws within the previous five years, has disclosed any pending equal pay claims against the company at time of application, and shall disclose to COMIDA any pending claims or adverse findings under the equal pay laws during the term of COMIDA financial assistance agreement.
- H. Applicant hereby releases the COMIDA ("Agency") from, agrees that the Agency shall not be liable for, and agrees to indemnify, defend and hold the Agency harmless from and against any and all liability arising from or expense incurred by (A) the Agency's examination and processing of, and action pursuant to or upon, this Application, regardless of whether or not this Application or the Project described herein or the tax exemptions and other assistance requested herein are favorably acted upon by the Agency; (B) the Agency's acquisition, construction, renovation and/or equipping of the Project described herein; and (C) any further action taken by the Agency with respect to the Project; including, without limiting the generality of the foregoing, all causes of action and attorneys' fees and any other expenses incurred in defending any suits or actions which may arise as a result of any of the foregoing. Applicant hereby understands and agrees, in accordance with Section 875(3) of the New York General Municipal Law, that any New York State and local sales and use tax exemption claimed by the Applicant and approved by the Agency in connection with the Project may be subject to recapture by the Agency under such terms and conditions as will be set forth in the Agent Agreement to be entered into by and between the Agency and the Applicant. The Applicant further represents and warrants that the information contained in this Application, including without limitation, information regarding the amount of New York State and local sales and use tax exemption benefits, is true, accurate and complete.
