II. PROJECT (cont'd)

F. Are other facilities or related companies located within New York State?
   □ Yes  ☐ No

Location:

Will the Project result in the removal of an industrial or manufacturing plant of the Project occupant from one area of the state to another area of the state? □ Yes  ☐ No

Will the Project result in the abandonment of one or more plants or facilities of the Project occupant located within the state?
   □ Yes  ☐ No

If Yes to either question, explain how the Agency's Financial Assistance is required to prevent the Project from relocating out of the State, or is reasonably necessary to preserve the Applicant or User's competitive position in its respective industry:

G. Would the project be undertaken without financial assistance from the Agency?
   □ Yes  ☐ No

Please explain why financial assistance is necessary.

This project will proceed in some form without assistance though I fear much less ambitious. However, financial assistance during these uncertain times will ensure the project happens to its fullest potential and in a timely fashion. Without aid we will proceed more cautiously and at smaller scale and opening will likely be delayed.

Flour City Bread Company (est. 2009) is an artisan bakery located at the historic Rochester Public Market and is well known for organic artisan sour dough breads, classic French butter croissants and made-to-order breakfast sandwiches.

Business has increased steadily over the years as market goers have welcomed and supported us. On Saturday mornings customers patiently wait for their favorite treat or breakfast sandwich regularly filling the tiny bakery retail space. The crowded store front often causes people to spill out the front door and queue up down the sidewalk. A great problem to have for any business but not an ideal situation during pandemic times. This increasing demand coupled with Covid restrictions has led us to seek expansion.

We have purchased the adjacent building (formerly Ziembiec Florist). Our intention is to combine the current bakery retail operation with a full service restaurant. This new business will offer our complete lineup of existing products and an expanded selection of restaurant style prepared foods. Our intention is to serve the community morning 'til night seven days each week.

The building, unfortunately, was in disrepair and requires significant renovation to upgrade and repurpose from wholesale florist to full service food service operation. We have engaged an architectural firm to assist us in this rather daunting prospect. An incomplete list of the work required includes:

- complete roof repair and replacement,
- remove and install new HVAC system,
- remove existing floral refrigeration equipment,
- replace existing overhead doors and entry ways,
- resurface and repair existing floors,
- demolish and replace interior walls, and
- construct a full service restaurant with all associated requirements (restrooms, etc.).

This is a new operation joining the several new restaurants along “commissioners row.” The restaurant will exceed 2000 square feet of dining space, feature an open kitchen and include plenty of covered outdoor dining tables.
